Funding is for the design, engineering, construction and other necessary initiatives or items to complete the proposed replacement of the existing Portal Issued Bridge with a new high-level, two track, fixed structure bridge on a new rail alignment. This will improve reliability, allowing NJ TRANSIT to operate longer and higher capacity trains. Additionally, trains will be able to cross the bridge at 90 miles per hour, up from 60 miles per hour today.

This element provides funding to advance the Portal Bridge North including, but not limited to, annual EDA or other debt service payments that may be required.
