Re: File No.: 1507-18-0009.1
Activity Numbers: WFD180001
Applicant: NJ Department of Transportation
Route 166 Bridge Structure No. 1516-152
Township of Toms River, Ocean County

Dear Mr. Brock:

This letter is in reference to the above-mentioned Waterfront Development Permit issued on July 23, 2018, for the project to install scour countermeasures, consisting of concrete grout bags and rip-rap below the mean high-water line of the Toms River. This letter serves to acknowledge that the applicant is compliant with Special Condition 5 of the above referenced permit. Please note, all other permit conditions and the permit expiration date still apply.

As a result of the condition compliance with Special Condition 5, the additional drawing hereby approved is one sheet prepared by IEW Construction Group, undated, unrevised, and entitled "SCOUR COUNTERMEASURE PLAN NJ ROUTE 166 OVER NORTH CHANNEL TOMS RIVER STRUCTURE NO. 1516-152," Sheet 1.

Please attach this letter to the approved permit. If you have any questions or concerns, please do not hesitate to contact Christian Zografos at (609) 984-6216 or by email at Christian.Zografos@dep.nj.gov. Be sure to indicate the Division's file number with all correspondence.

Sincerely,

Stephen Olivera, Environmental Engineer 3
Division of Land Use Regulation
